- Waterproof & rechargeable
- Designed and handcrafted in Germany

**DOUBLE YOUR
PLEASURE**

HOW TO OPERATE LADY Bi – PRESS FUN TO PLAY

BASIC

- On: Press the **FUN** button down for half a second. Both motors will start at medium power.
- Off: Click the **FUN** button again. LADY Bi will turn off immediately.
- Each motor is controlled separately. The  button controls the motor in the shaft, while the  button controls the motor in the extension.
- Each motor has **3 different intensities and three different vibration rhythms**. Click your way through the intensity settings to get to the rhythm settings. A final click will turn the motor off.

MEMORY FUNCTION

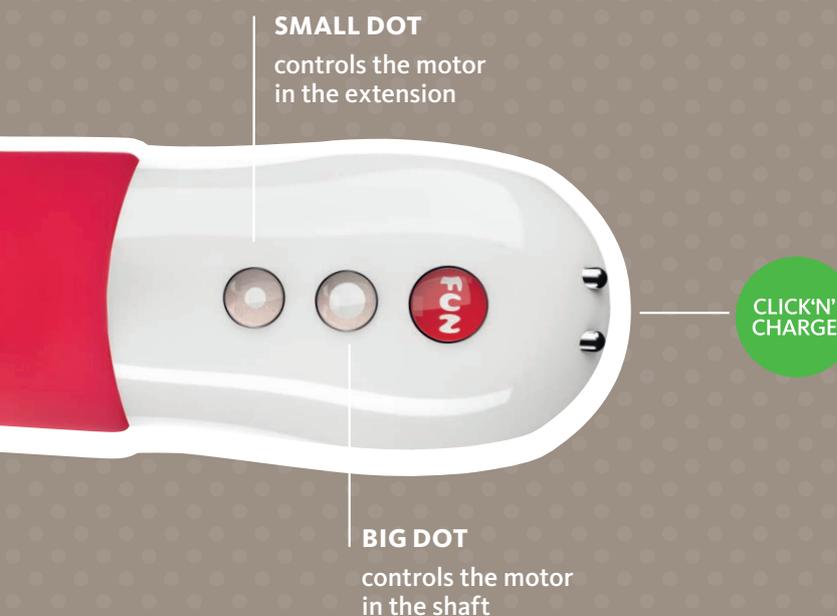

Found the perfect combination of vibration settings? To save it, hold down the **FUN** button for at least 4 seconds, until the buttons blink twice and the control unit vibrates briefly. The next time you're ready to play, you'll start with your favorite setting!

TRAVEL LOCK

- Lock: Press **FUN** and  simultaneously.
- Unlock: Press **FUN** and  simultaneously.
- In both cases, the buttons will blink and the unit will buzz briefly.

CHARGE INDICATOR

If the toy is connected with the charging cable, the three buttons in the handle will show the status of the battery – NEVER RUN OUT OF FUN.

RECHARGEABLE

- LADY Bi is a operated vibrator with an attached and integrated battery charger – safe the nature
- It is charged using the original **MAGNETIC CHARGER** of the CLICK 'N' CHARGE system.
- The average charging time is about 3 hours
- The battery lasts for over 1 hours with one charge cycle.
